ANDERSEN SUPER DUTY TRAILERS... BUILT TO LAST.

They're designed with a heavier-duty frame and body along with related components. They've been engineered from the ground up to offer increased Performance, Strength, Durability and Appearance for demanding construction and rental use. Their long list of standard features increases efficiency and productivity. The low-profile design makes them safer, easier to load, secure and tow. The design, quality of materials and superb craftsmanship ensures every Andersen trailer is built to last and will offer its user years of **SUPER DUTY** service.
